

RISHEEK SHRESTHA

Software Development Engineer | Full-Stack & API Development

8102992890 | shrestharisheek@gmail.com | Patna, Bihar, 800001

GitHub: github.com/Risheek-Shrestha | LinkedIn: linkedin.com/in/risheek-shrestha

PROFILE

Full-stack developer with hands-on experience across Java, Python, and JavaScript/React, building end-to-end features spanning architecture, coding, testing, and deployment. Currently pursuing an MCA (AI & ML) at Shoolini University. Comfortable writing clean, testable, maintainable code, designing REST APIs, and working with distributed-system building blocks like async messaging and caching. Has shipped and deployed production systems independently, with disciplined testing habits (JUnit, Mockito, integration tests) and a fast, self-directed learning style.

EDUCATION

MCA — Artificial Intelligence & Machine Learning

Shoolini University, Himachal Pradesh

2025 - 2027

Expected: 2027

BCA

Oxford Business College

2022 - 2025

CGPA: 8.93

Intermediate (Science)

Satyam International

2018 - 2020

85.4%

TECHNICAL SKILLS

Languages: Java, Python, JavaScript/TypeScript, C
Frontend: React.js, HTML5, CSS3, Tailwind CSS
Backend: Spring Boot, Django, ASP.NET MVC, REST APIs
Databases: PostgreSQL, MySQL, SQL Server
Testing: JUnit, Mockito, unit & integration testing
Tools: Git, VS Code, IntelliJ IDEA, Postman, Docker
Distributed Systems: RabbitMQ, Redis, Async Messaging

WORK EXPERIENCE

Web Developer | TutorSchool

Feb 2025 - Apr 2025

- Developed the company website (tutorschool.in) with a focus on responsive design and cross-device compatibility
- Enhanced on-page SEO performance, improving organic search visibility and user reach

Web Developer Intern | Dotplus Technologies

Oct 2024 - Jan 2025

- Built dynamic, data-driven web applications using ASP.NET MVC and RESTful APIs with JSON-based data exchange
- Applied OOP principles for clean, modular, and maintainable code architecture
- Troubleshoot and debugged application issues across the HTTP request/response lifecycle

KEY PROJECTS

AI Resume Screener — Job Management Portal (Live)

React, TypeScript, Spring Boot, PostgreSQL

github.com/Risheek-Shrestha/ai-resume-screener-fronted

- Built and deployed a full-stack job/hiring management platform: React 19 + TypeScript frontend (Vercel) with a Spring Boot REST backend (Render), covering auth, RBAC, job postings, eligibility rules, applications, and AI-driven resume scoring
- Built a full admin panel for job/application management, plus PDF report generation and an ML microservice (FastAPI) for scoring resumes against job criteria
- Implemented async email notifications via Spring AMQP/RabbitMQ and added Redis caching to reduce repeated query load
- Wrote 400+ tests across repository, service, and controller layers to ensure code quality and catch regressions before deployment

AnimeClip — Streaming Platform (Production Hardening)

Django, Python, PostgreSQL

github.com/Risheek-Shrestha/AnimeClip

- Built a full-stack anime streaming platform using Django, with a security audit, framework upgrade, and Docker containerization for production readiness
- Added an automated test suite (196 tests) and load-testing setup to verify stability under real usage

Online Test System

Java, OOP, MySQL, CSS

github.com/Risheek-Shrestha/Test_system

- Built a Java-based online test/quiz platform with a CSS-styled frontend, modeling Test, Question, Student, and Score entities with clear OOP class hierarchies
- Implemented test session management, answer evaluation logic, and result computation using Java Collections

CORE COMPETENCIES

Full-Stack Dev: Front-end UI, Back-end Services, REST APIs
Distributed Systems: Async Messaging (RabbitMQ), Caching (Redis)
Testing: Unit, Integration, Controller-level Testing
Problem Solving: 30+ DSA Problems Solved (Java, LeetCode)
Version Control: Git, GitHub workflows
Documentation: Technical Docs, API Design Notes
Communication: English | Hindi (Professional Proficiency)
Soft Skills: Team Collaboration, Self-directed Learning, Remote Work
